

Viewing Web Site Documents on an Apple iPad

If you find that certain documents (such as the Rules and Regulations, Newsletters, Meeting Minutes or Forms) on this web site will only display the first page and a portion of the second page, follow the instructions below:

On your iPad, PRESS AND HOLD on the link to the document that you wish to read. After a second, you will get a pop-up that allows you to choose the option "OPEN IN NEW TAB". Press "OPEN IN NEW TAB". The document you are trying to open will then download in full on a new tab within your iPad browser.

There is one document that you will most likely never be able to view on your iPad, that being the 74 page "Condominium Documents" located on the password protected Owner's Information page. The file is simply too large to download onto the iPad.
